

PRAYER & PRAISE

NEW THIS WEEK:

Amy Satterla Please lift my family, including my parents John and Linda Briggs, in prayer. Both my father and I underwent surgery this week, and our family will be caring for us.

Bob & Diane Stuart Our son, Brian, has been in excruciating pain with a herniated disc. He underwent surgery this week. We appreciate your prayers.

Taylor is requesting prayer for her son Lincoln. He was born prematurely and is not developing as he should.

Joyce Robinson My husband, Mark, still has blurry vision in his right eye after cataract surgery in January. Please pray for healing, wisdom for the doctors and guidance from the Spirit.

Mexico Mission Trip Members of our New Hope family left for Mazatlan, Mexico Saturday April 21st. They will serve with Back2Back Ministries to improve the life of orphans and children in the city. Please pray for safe travels and success in their work. They return April 27th.

Jerry Smith I want to thank you all who have been praying for Diane. I brought her home from Sparrow last week. She is on oxygen but is improving daily. Praise the Lord!

CONTINUE TO PRAY & PRAISE:

Lorrie Scharton is waiting on the results from a biopsy. Please pray for a good outcome and for faith, strength and peace in the meantime.

Marianne Funnell is requesting prayer for healing from a tumor on her pituitary gland which burst recently, hospitalizing her for 10 days. Please pray she is able to find the appropriate doctors and have wisdom regarding her course of treatment. She and her husband Bruce have missed their New Hope family since moving to Florida.

Jack & Gigi Saunders Please pray for our daughter and son-in-law, Anthony. He has leukemia and is in need of a bone marrow transplant soon. Please pray that a matching donor will be found quickly. They have two small children and another on the way.

Rose Pierce Please pray for my sister. She has a rare, inoperable spinal cancer that has caused debilitating side effects. The treatments have been unsuccessful thus far.

Sherry Dunham Thank you family of God for your prayers for my mom, Betty. She has decided to go forward with radiation for the cancer in her arm hoping it will reduce her pain. Please pray the pain is brought under control.
